

## *The Eye of the Phoenix*

I've just seen the whole film of "Eye of the Phoenix." This film has been highly popular on the Internet and on topics in my blog. **The film was nearly 3 hours long. It was very long indeed. What do I think of it? I think it is worth every cent. It was one of the greatest documentaries I've ever seen in my life.** It focused not only on the Great Seal, but other subjects like the Illuminati, the Theosophical Society (whose co-founder was of course Madame HP Blavatsky. She followed the Gnostic lie that the Devil in the Bible offering Adam the fruit of knowledge was the good guy, while Jehovah was the bad guy. These words are found throughout her book entitled, "**The Secret Doctrine.**" That is one definition of the creed of Gnosticism), the Philosopher Stone, and other issues. The dollar was called thalers in Germany. One of the first silver dollar coined was by a man named Georgius Agricola (who sought the Philosopher's Stone as an alchemist). He did this in Joachimsthaler, Bohemia. He viewed coining dollars as the answer he desired. David Ovason in his "The Secret Symbol of the Dollar Bill" believed that the dollar sign itself was related to Mercury (or Hermes) and a serpent on a stick (whose imagery is found in the Old Testament). The serpent on stick was done by Moses and this story is found in the book of Numbers. The bronze serpent find meaning to occultists In the occult, a serpent (relating to fertility) on a staff (relating to authority) is called the Rod of Acslepius (It's common in the ancient Greek world as relating to healing people). The Rod of Asclepius also represents the constellation [Ophiuchus](#), also known as Ophiuchus Serpentarius, the thirteenth sign of the [sidereal zodiac](#). Ophiuchus means serpent bearer. The Asclepius rod is today found in the logo of an ambulance. Masonic author Albert Pike has pointed out that the *coins of ancient Tyre* featured serpents coiled around trees, representing the *Garden of Eden* and the *Tree of Knowledge* – an equivalent symbol to the

Caduceus. The famous author Ignatius Donnelly (who wrote the book, "*Atlantis: The Antediluvian World*") stated his belief that the dollar sign represented the Pillars of Hercules entwined with the serpent of Genesis. Atlantis to the esoteric crowd was their origin of their supposed lost "wisdom." Atlantis is commonly referred to as the time before Noah's flood or the Antediluvian world. Since the Bible teaches that the original World was perfect until the fall of Adam and Eve, the occult orders lust after restoring lost Atlantis in order to perfect the world. That's impossible of course, because man isn't perfect.

**The Theosophical Society promotes Theosophy. Theosophy comes from the Greek words of Theo (or Divine) and Sophia (meaning wisdom). Ironically, the ancient Gnostics supported the concept of Divine Wisdom. Helena's Secret Doctrine book according to Theosophist Robert Ellwood was about promoting the Gnostic lie of Jehovah being wicked, while Lucifer was the good guy. To Gnostic, the God of Bible was called Yaldabaoth or an "aborted offspring." The Eye of the Phoenix film made known that certain occultists want to create their utopian new world order (and involved in that goal is the re-establishment of Solomon's Temple). Freemasonry explicitly lust after this goal of recreating Solomon as quotes as Masons quote this plan (like Albert Mackey). The reestablishment of Solomon's Temple in Jerusalem has been embraced by the Knights Templar (the ancient Catholic warrior monks). The word of ONE appears on the dollar bill 7 times. Ovason writes about 7 that: "...In magical numerology the number 7 is regarded with especial veneration....Certain texts that deal with the meanings of numbers insist that 7 'stand for the complete temple.'" ("The Secret Symbols of the Dollar Bill" pg. 9). The Temple is meant for Solomon's Temple from the city of Jerusalem. Some researchers believe that certain people have exploited America as a New Atlantis (as a tool) in order to get the new Temple reconstructed. CONSTANTIN IANCU who is a 33° Freemason (and Sovereign Grand Commander of the Supreme Council of AASR from Romania) wrote a letter calling for the building of Solomon's Temple also:**

"...The fraternal love must work indeed and win. I think this is our message, especially that we are now on the verge of unifying - in the profane field of world union -, at the point of restoring and installing the new order of the Temple of Solomon. For this we all swore, this is our ambition and, within this, Romania and Romanian Masonry is in the proper position and has all the historical, cultural and spiritual rights to be part of the wonderful universal chain of fraternity, the universal chain in which we all are neighbours. Masonry should be what it was before, the promoter of this union on the world plane. We are convinced that Masonry, the Scottish Rite, represents the elite that leads and will lead the mankind towards harmony and peace and towards love, which is above all..."

**Certain founders of America were members of secret societies like Freemasonry who wanted America to be like a new Atlantis (or a new order of the ages). Buff Parry believes that Christopher Columbus, and others wanted Solomon's Temple rebuilt as well. This New Atlantis agenda didn't just originate with Bacon. Yet, the New Atlantis plan has been extended as a transatlantic conspiracy to create world government. Other Secret Societies or elite groups want a new world order including the Theosophists, the CFR, the Pope of Rome, the Trilateralists, the Bilderbergers, etc. Theosophist Alice Bailey clearly wants this and stated: "...We stand now on the verge of a similar but still more momentous event - the appearance of the fifth kingdom, as a result of the planned activity of the New Group of World Servers, working in collaboration with the Hierarchy of perfected souls, and under the guidance of the Christ Himself. This will usher in the New Age wherein five kingdoms in nature will be recognized as existing side by side upon earth." Discipleship in the New Age, Bailey, Lucis Publishing Co., 1944, p. 32). This planned new Temple is not a true Temple of God, but a man-made structure that will house the Antichrist (since Biblical prophecy says that a false Christ will be in a Temple, while claiming to be God, but he isn't).**

**The documentary outlined information that I knew about and it presented information that I didn't know about. One of the major parts of the film was about the Phoenix bird. Now, the significance**

of this is that 33rd Degree Freemason Manly P. Hall believes that the eagle in the Dollar bill was intended to be a Phoenix bird. In fact, both an eagle and a phoenix appear together in the design suggested by the [third Great Seal committee](#). Barton wrote of the Phoenix that: "the Phoenix is emblematical of the expiring Liberty of Britain, revived by her Descendants, in America." Earlier there had been a mythical phoenix on South Carolina's five-shillings note issued in April 1778. **Hall also writes of the Phoenix:**

"...Among the ancients a fabulous bird called the Phoenix is described by early writers such as Clement, Herodotus, and Pliny; in size and shape it resembled the eagle, but with certain differences. The body of the Phoenix is one covered with glossy purple feathers and the plumes in its tail are alternately blue and red. The head of the bird is light in color, and about its neck is a circlet of golden plumage. At the back of its back the Phoenix has a crest of feathers of brilliant color. Only one of these birds was supposed to live at a time, with its home in the distant parts of Arabia, in a nest of **frankincense** and **myrrh**. The Phoenix, it is said, lives for 500 years, and at its death its body opens and the new born Phoenix emerges. Because of this symbolism, the Phoenix is generally regarded as **representing immortality and resurrection.**" [Manly P. Hall, *The Secret Destiny of America* , 1958, p. 176-77]

According to [Physiologus](#), the phoenix was a bird that originated in India. **The Phoenix bird in legend would die and burn plus it would reappear later. In mythology, the Phoenix would have a life cycle of 500 to 1,000 years in its existence. In ancient cultures, it represented the false sun god (even a peacock or a strange feathered bird) or even Lucifer. That is why occult Secret Societies to this day outline a worship of Lucifer (or Satan) under the guise of the "sun god" or "Nature."** Barbara Walker is a radical feminist. She says that the Egyptians and Phoenicians believed that the Phoenix Bird was the representation of a god who "rose to heaven in the form of a morning star, like Lucifer, after his fire-immolation of death and rebirth ..." [Walker, *Now Is The Dawning* ", p. 281]. **One of the old names for the Phoenix is FENEX in the Greek language, which equals 666 in the Greek gematria calculation. F=6, E=5, N=50, E=5, and X=600 with a total of 666. Additionally, the Phoenix was called the shining one, which is an old name for Lucifer ironically. Today, politicians like John McCain wear a Phoenix like pin on their clothing. The occult groups believe that ancient knowledge didn't just exist in ancient Babylon, but in Ancient Atlantis (where objects like The Emerald Tablets of Thoth and the lapis exillis existed). The Emerald Tables of Thoth is the information about the Hermetic maxim recorded supposedly in stone. Sir Isaac Newton and other throughout the centuries translated its contents. These objects were lusted after by Rosicrucian Nicholas Roerich and his temporary ally 32nd Degree Freemason Henry Wallace. Wallace wrote to Roerich (Wallace considered Roerich as his Guru) about his desire to desire the Chalice and the Holy Grail or the Stone of Destiny. Roerich's works inspired 32nd Degree Freemason Henry Wallace to put the Great Seal design into the Dollar bill by the year of 1935. Nicholas Roerich was**

a member of the Theosophical Society and he was a Rosicrucian. Numerous folks in the Theosophical Society worship Lucifer (that is why HP Blavatsky falsely assumed that Lucifer was the good guy). Nicholas Roerich became a famous and excellent painter in New York City. Freemason Louis Horch (who was an investment banker that follow Roerich's views) help Roerich out economically. The mystic Nicholas Roerch traveled into Tibet to search for the coming Christ in Samballa (This isn't Jesus Christ of the Bible, because occultists believed that many Avatar-like Christs existed throughout human history. They believe that Jesus was a spiritual leader, but not the future Maitreya that will help the world to accept "enlightenment"). Occultists like Benjamin Creme believe that Jesus was Maitreya's subordinate, but not the real Messiah of the world. Of course, Creme is wrong since Jesus Christ is King of Kings and Lord of Lords. Creme is the leading spokesman of Share International. This group wants Maitreya to be the false Messiah to rule the world. Also, Benjamin Creme praised Lucifer when the Bible is clear that Lucifer fell from Heaven because he tried to fight God. Lucifer acts as a false light: "...And no marvel; for Satan himself is transformed into an angel of light. Therefore it is no great thing if his ministers also be transformed as ministers of righteousness; whose end shall be according to their works...." (II Cor. 11:14-15). Here's the Bible on the evil nature of Lucifer:

"How art thou fallen from heaven, O Lucifer, son of the morning! how art thou cut down to the ground, which didst weaken the nations! For thou has said in thine heart, I will ascend into heaven, I will exalt my throne above the stars of God: I will sit also upon the mount of the congregation, in the sides of the north: I will ascend above the heights of the clouds; I will be like the Most High." (Isaiah 14: 12-15)

Incidentally, New Age leader John Randolph Price admits that, "Those who follow the path of Lucifer are called 'light-bearers' in the world." New Agers like Price and Creme believe that man can be a god and we have the true light. The reality is that only God is the light of the World. **Roerich's wife was Helena. Helena was very eccentric and viewed that a spirit guide name Mooryi was helping her (this is the same "being" that Blavatsky viewed as a spirit guide also).** Blavatsky claimed to be in contact with two ancient Aryans; named Koot Hoomi and Djwal Kool. Helena said that these "spirit guides" told her to travel worldwide in order to collect wisdom (along with codifying them into one system, so she can present it to the world). **Nicholas Roerich was viewed a successor to HP Blavatsky. Some viewed him as a mystical Guru. The Master Building (which was erected in 1929) in Manhattan housed many of Nicholas Roerich's paintings to this day. Today, it's a museum, a group of apartments, and it's utilized for other purposes. Joseph Campbell (a New Ager) once lived in the Master Building. Roerich developed his peace sign or seal made up of 3 darkened circles together in an pyramidal or triangular arrangement. There was a cornerstone in the Master Building as well with this sign. Louis Buff Parry once thought that the Stone of Destiny (which will be explained shortly) was in the cornerstone of the Master Building. Now, he doesn't anymore. Parry knows a lot about Roerich.** Louis Buff Parry is an internationally renowned cryptologist/cryptanalyst, intelligence advisor, poet, contributor to sciences, painter, inventor, and diplomat. Parry isn't a Christian, but an occultist, so I want to make that clear. **Roerich claim to promote peace, but his fellow occultists and globalists would create wars, so they can create their one world order (a perfect example is WWII and the present war on terror).** Even Pope Benedict XVI have proposed the new world order. The Vatican itself is based on the Mysteries since purgatory, the wafer, and the veneration of the Queen of Heaven come from ancient Babylon (and ancient Egypt). Pope Leo XIII claimed to have the place of Almighty God, but that's false. Romanism is definitely unscriptural.

**One of the occult inspired object that signifies the new world order is the Philosopher's Stone. The Eye of the Phoenix film believes that this stone is about the foundation stone of America (or heralding the new world order). Now, New Agers like Samuel Aun Woer believe that this Philosopher's stone came from Jacob's pillar in the Torah (where Beth-el was founded. Woer believed that this stone was the cubic stone of Freemasonry. Albert Pike wrote in Morals and Dogma that Jacob's Ladder look similar to a pyramid). In legends, the philosopher's stone could turn base metals into gold (Some claim it was an elixir of life). Of course this is false since no conclusive evidence exists of this. New Agers would manipulate Biblical stories into their own dogma. Ladder imagery is found throughout Freemasonry. Later, this stone travelled into Europe**

and America according to legends.

Myths claim that the lapis exillis (another representation of the pillar) was the stone from Lucifer's crown that broken after Lucifer fought the archangel Michael. Occultists believe that this jewel represents enlightenment (or Venus, which means the morning star or Lucifer to occultists). Venus's travels around the sun looks like a Pentagram. In Freemasonry, this Pentagram is called the Blazing Star (being depicted as falling from Heaven). **The Pentagram is also the Masonic sign of Fellowship or the Perfected Man.** As **Albert Pike** writes in Morals and Dogma, *The Blazing Star* has been regarded as a false emblem of Omniscience, or the All-Seeing Eye. The Blazing Star is also called Sirius by Pike. The Pentagram and the light of Sirius are found in Masonic Lodges the world over. To numerous Freemasons, lapis exillis is the secret cornerstone of Solomon Temple, which represents the core of their teachings. **Lucifer's war in Heaven against the Archangel Michael is recorded in the Bible. Michael won of course. The story about the lapis exillis is found in Manly P. Hall's literature. Other legends said that this lapis exillis gem fell upon Cain's head to give him his mark (Yet, the Bible is clear that God placed the Mark on Cain's head because he murdered his brother Abel in cold blood). Cain in occult lore was a builder and his descendant of Tubal-Cain is praised in Masonic literature. Lapis exillis is also called the Grail. Hall believes that the lapis exillis is related to the Holy Grail. For centuries, certain personages throughout history have lusted after the goal of discovering the Grail. Adolf Hitler lusted after the Holy Grail, because he felt in his occult, sick mind that the Grail will increase the power of the Nazi empire (in order to have his goal of a 1,000 years of rule). Hitler allowed Himmler to form a group of people to find evidence of Altantean ancestors to the Aryans, which weren't found. This group was a new SS faction called *Ahnenerbe* (or the Ancestral Heritage Society). The Nazis adopted the sun symbol of the swastika. Hitler also wanted to discover the the Ark of the Covenant, the Spear of Destiny, the Holy Grail, the Crystal Skulls (of Atlantis), the Emerald Tablets of Thoth/Lucifer, etc, The reason is that these artifacts in occult/Nazi lore existed in Lost Atlantis. To this day, many are pursuing Grail research. Some Grail proponents falsely believe that the Merovingians (or Anglo-Saxons) are descendants of the Hebrew tribes of Israel. The Merovingians are a Germanic bloodline that's related to Presidents, kings, and other elites for thousands of years. That is why Presidents George Washington, Barack Obama and George W. Bush are related to the kings of Britian (France, Scotland, etc.).**

**Ironically, Hitler and Alice Bailey would say anti-Semitic comments about Jewish people and were lovers of Madama HP Blavatsky's philosophies. Alice Bailey wrote these anti-God and racist comments about Jewish people:**

"...The Jews are the reincarnation of spiritual failures or residues from another planet<sup>1/4</sup>. The Jew represents materialism, cruelty and a spiritual conservatism, under the domination of the separative, selfish mind, that from which all good [Gnostic] disciples want to emerge." (*Antisemitic Stereotypes in Alice Bailey's Writings*, p.2 online)

"The Jewish race, who loved the possessions of the world more than they loved the service of Light, joined ranks with the rebels against God...The word 'love' from others is lacking in Judaism<sup>1/4</sup>The Jew has never grasped the love of God. The God of the Jew is possessive and greedy. Jehovah is not God." (*Antisemitic Stereotypes*, pp.1,2)

**Bailey formed Lucis Trust (which was once called Lucifer Trust for obvious reasons). Now, today, Lucis Trust exists. Some of the big players in the world are members from the UN, the CFR, the Bilderbergers, the Trilateral Commission, etc. Lucis Trust always promoted the ideal of forming a new world order or a one world government (under Gnostic/Humanist principles. See, these wicked elites have a modus operandi behind their agenda. It's bigger than just about money, but**

a societal shift into their New Age tenets). In legends, Jesus drunk wine from the Holy Grail. Of course, I don't believe in this. Masonic apologists may deny that the Great Seal is of Masonic origin (even though Masonic symbols are on them), but the one Dollar Bill is definitely of Masonic origin. People certainly will compare the Eye of the Phoenix to Riddles and Stone. In my opinion, the Eye of the Phoenix is a level above Riddles and Stone in terms of the information describing America's secret history. What was particularly great about the film was how it described the Jacobite Rebellions in a simplistic fashion. It's interesting that the Templars existed and influenced the Jacobite movement to promote the Royal House of Stuart (from Scotland). The Jacobites supported the pro-Catholic King James II of England. King James II was forced out of the throne via the Glorious Revolution of 1688 (the Protestant Kings during that time were of the Germanic Hanoverian line). The Jacobites in large numbers went into America and their Scottish descendants influenced the American Revolution (with Masons like Hugh Mercer). Mercer's descendant would be WWII General George Patton. The Jacobites had Pentagrams and petals for logos. Petals are found in many buildings of Washington, D.C. Princess Diana is related to the House of Stuart. The Stuarts are apart of a bigger bloodline of the Merovingians. The Templars have been accused of for a long time of being the basis for the development of modern Freemasonry (including the Rosicrucians. The Invisible College was Sir Francis Bacon's idea that evolved into the Royal Society of England). The Knights Templar would escape into places like Scotland where their descendants would built RosayIn Chapel. This chapel would have occult symbolism just like D.C. Rosslyn Chapel is located in the Scottish city of "Edinburgh", which literally means "Mount of Eden", and which is also, believe it or not, built on seven hills. The Jacobites ironically originated from Scotland. The British in shipped the Jacobites in Maryland in 1716-1717 and 1747 (including other American colonies), because the Jacobites were unsuccessful in forcing a Stuart on the throne of England. The 1716-1717 shipment of Jacobite slaves in America include the names of Abraham Lowe, Thomas Spark, David Mills, William Grant, Spaulding, and others. The 1747 shipment had names of Claperton, Melvin, Murdock, and others. Those with Scottish heritage would play a prominent role in American history for good and ill.

In fact, the Jacobites produced the influence to create the Scottish Rite of Freemasonry in France during the 1700's. Chevalier Andrew Michael Ramsay was a Roman Catholic (pro-Jacobite) Freemason and a Godfather of the Scottish Rite. The Scottish Rite competed against the Grand Lodge by having more degrees, etc. Another level of the Jacobites was Daniel Willens claimed that the Hell Fire Club had Jacobite links. The Hell Fire Club was members of King George III's government that performed sexual rituals, a Black Mass, and some were into Devil worship. Sir Francis Dashwood or Baron Le Despencer was the high priest of the group. Philip, Duke of Wharton formed a similar group that mocked religion. Wharton would be the Grand Master of the London Grand Lodge in 1722. Dashwood would be a Catholic, flirt with the Jacobite cause, and would later be a Satanist. Benjamin Franklin, who was a Freemason, would be a member of the Hell Fire Club. Now, authors like Michael Howard believe that Franklin utilized the Hell Fire Club as a conduit to influence policies of the British government (along with continuing the American Revolution). Some speculate that Dashwood might of been a closeted Roman Catholic after all. Chris Everard accuses the Knights Templar of doing Kabbalah rituals, evoking demons, and other sick ceremonies. Freemasonry itself is based on the ancient Mysteries (even Druidism) that is merged with Theism. Many of these high level occult groups worship Lucifer (which is cloaked and called the sun god. The sun god, the serpent, etc. is the same being of Lucifer/Satan in code).

The Great Seal was designed or influenced by Benjamin Franklin, Thomas Jefferson, William Barton, Charles Thomson, and Pierre Eugene du Simitiere. Robert Scot cut the first metal dye of the Seal in 1782. It took 3 major committees in order the develop the Great Seal. There is a high level of 13s in the One Dollar Bill. There are 13 leaves in the olive branch, 13 bars and stripes in the shield, and 13 arrows in the right claw. There are 13 letters in the "E Pluribus Unum" on the ribbon, 13 stars in the green crest above (which appears in a Seal of

Solomon Hexagram fashion), 32 long feathers on its right wing, 13 granite stones in the Pyramid, and 13 are letters in Annuet Coeptis (These words come from the Roman poet Virgil who wrote the false Roman god Jupiter). In the original Virgil poem, the words "Juppiter Omnipotes, Audacibus Annue Coeptis" were a plea for the deity to "favor my daring undertakings." 13 typically means the 13 colonies, but others believe that there are higher meanings to the number of 13. **According to Dr. Robert Hieronimus said in a documentary from Cable that 13 symbolizes rebirth, regeneration, and rebirth something into existence (It can mean death to him as well).** In the Kabbalah, 13 means that you can raise above the influence of the Zodaic (with 12 signs) without being bound to influence of the cosmos. The Hebrew words for "love" (ahava), "care" (de'aga), and "one" (echad) all have the numerical value of 13. Some trace the number 13 back to the Knights Templar like author John Daniel. E. W. Bullinger writes another meaning for the number 13 as for rebellion (i.e. America was formed after its rebellion against the British Royal Empire, while covertly British still have certain policies that make America as a puppet colony of England plus the rest of the European elite):

"As to the significance of thirteen, all are aware that it has come down to us as a number of ill-omen. Many superstitions cluster around it, and various explanations are current concerning them....Unfortunately, those who go backwards to find a reason seldom go back far enough. The popular explanations do not, so far as we are aware, go further back than the Apostles. But we must go back to the first occurrence of the number thirteen in order to discover the key to its significance. It occurs first in Gen. xiv. 4, where we read 'Twelve years they served Chedorlaomer, and the thirteenth year they REBELLED.'...Hence every occurrence of the number thirteen, and likewise of every multiple of it, stamps that with which it stands in connection with rebellion, apostasy, defection, corruption, disintegration, revolution, or some kindred idea." (Bullinger, E.W. [Number in Scripture](#), Kregel Publications, (c)1967, p. 205).

There is an obsession with numbers in the occult, because the occult is almost embraced as a religion to secret societies. In "The Reverse Side of the Seal of the United States and its Symbolism" Lang comments: ***"The reverse side must have been designed by a mystic, one well versed in symbolism.... all true Theosophists ought to be able to see the connecting link between true Theosophy and the reverse side of the Seal .... the time will come when the white headstone (capstone) of our government.... in the proclaiming of a new religion in which all spiritual currents flowing from every other religion shall meet in the perfection of the white stone, having neither dogma nor doctrine."***

**Another high level Freemason gives a gematria (gematria is about using numbers as code assigned to letters of an alphabet whether its Chaldean, Hebrew, Greek, English, etc.) connection to the Great Seal:**

"...Scottish Rite Masonry had its origin in France; the York Rite is sometimes called the American Rite; the eagle thus clothed represents the union of French and American Masons in the struggle for Liberty, Equality, and Fraternity. The total number of feathers in the two wings is sixty-five which, by gematria, is the value of the Hebrew phrase yam yawchod (together in unity). This phrase appears in Psalm 133 as follows: 'Behold, how good and how pleasant it is for brethren to dwell together in unity,' and is used in the ritual of the first degree of Freemasonry. The glory above the eagle's head is divided into twenty-four equal parts and reminds the observer of the Mason's gauge which is also divided into twenty-four equal parts and is emblematic of the service he is obligated to perform. The five pointed stars remind him of the Masonic Blazing Star and the five points of fellowship. The arrangement of the stars in the constellation to form overlapping equilateral triangles and the Star of David calls to the Mason's mind King David's dream of building a Temple, to his God, the Companions who rebuilt a desecrated Temple, and the finding of the Word that was lost....On the reserve, is the All-Seeing Eye within a triangle surrounded by a golden glory. Besides the obvious Masonic significance of this design, it has a cabalistic

value of seventy plus three plus two hundred, equaling two hundred and seventy-three which is the value of the phrase ehben mosu habonim (the stone which the builders refused) familiar to all Royal Arch Masons. It is also the value of the Hebrew proper noun Hiram Abiff, the architect of Solomon's Temple and the principal character of the legend used in the Master Mason degree. The triangle is isosceles, formed by two right triangles having sides of five, twelve, and thirteen units in length, illustrating the 47th Problem of Euclid. The triangle also represents the capstone of the unfinished pyramid and reminds the Mason of the immortality of the soul and that in eternity he will complete the capstone of his earthly labors according to the designs on the trestle-board of the Supreme Architect of the Universe. The unfinished pyramid cannot fail to remind him of the unfinished condition of the Temple when tragedy struck down its Master architect. " (Masonry in Texas, Background, History and Influence to 1846 by James D. Carter, 33°; G.'C.'.)

***Now, Doc Marquis (who is a Christian occult researcher) believes that a Hexagram image representing 666 appears on the design of the One Dollar Bill. Doc accurately points out that the Bavarian Illuminati had an alliance with Freemasonry in the 1782 Congress of Wilhelmsbad. Here's a source on this Congress:***

"At Wilhelmsbad, near the city of Hanau in Hesse-Cassel, was held the most important Masonic Congress of the eighteenth century. It was convoked by Ferdinand, Duke of Brunswick, 20 Grand Master of the Order of Strict Observance ... there were delegates from Upper and Lower Germany, from Holland, Russia, Italy, France, and Austria; and the order of the Illuminati was represented by the Baron Von Knigge. It is not therefore surprising that the most heterogeneous opinions were expressed."

- Albert G. Mackey. Mackey's Revised Encyclopedia Of Freemasonry, under the Congress of Wilhelmsbad)

Doc Marquis believed that the Rothschild family worked with Adam Weishaupt to form the Illuminati, but the Rothschild family never have any prominent economic power until the 19th century. Count Egon Caesar Corti wrote a book entitled, "The Rise of the House of Rothschild." In it, Count Corti talks about the history Meyer Rothschild (1743-1812) and the Rothschild family. Corti's book outlines tons of documentation from letters, business records, and financial transactions. Marquis maintains that Meyer Rothschild worked with Adam Weishaupt to plan for world revolution in 1773. **Many Rothschilds in the 19th century would be powerful bankers and high level Freemasons (like Baron Mayer Rothschild and James Meyer Rothschild). In other words, Weishaupt worked with others to plan for a new world order plan. We do know for certain that 666 is an old sun symbol number that represented the sun god (or a code name for Lucifer/Satan). A magic square in the occult has numbers from 1 to 36 equaling 666 (if you add all the numbers from 1 to 36 together). 666 has been equated to Hexagrams in times past as well. The Hexagram is a very occult symbol, which is formed by merging 2 equilateral triangles together. In Ancient Hinduism, it represents the nara-narayana, or perfect meditative state of balance achieved between Man and God, and if maintained, results in "moksha," or "nirvana" (release from the bounds of the earthly world and its material trappings). Witches use the Hexagram to try to conjure up demons in this physical realm. In Freemasonry the Hexagram means: "...The interlacing triangles or deltas symbolize the union of the two principles or forces, the active and passive, male and female, pervading the universe... The two triangles, one white and the other black, interlacing, typify the mingling of apparent opposites in nature, darkness and light, error and truth, ignorance and wisdom, evil and good, throughout human life..." (Encyclopedia of Freemasonry, Albert G. Mackey, 33rd Degree Freemason, and Charles T. McClenachan, 33rd Degree Freemason, p. 801, as quoted from secondary Source Codex Magica by Texe Marrs). Occult sources have talked about this issue in very clear depth:**

The Sephirotic Tree (ref. Gen 2:17) of the Cabbala, taught that the sum of the numerical values of Aïn-Soph (166, absolute empty) and Kether (500, unity) gives 666 or the Sun. **Here's other sources on this issue: "666 is the occult number of the Hexagram, the symbol of the Sun, for a single line of the Hexagram contains three equal parts, each of which may be represented by the number 1, so that every line can be symbolised by the number 111. There are six lines in all, so that 111x6=666, the most Holy Number of the Sun. Each angle of the Hexagram is 60 degrees. 60 is the number of the Hebrew letter Samekh, which is the letter of the Holy Guardian Angel or the Solar Self in Man. Six angles of 60 degrees each equals 360 degrees, and 360 is the number of the Hebrew letter Shin spelled in full. Shin is the letter of the Sun and of 666. Also 666 is the number of a "Man" who lives in the Sun."** (Thelemic Numbers and Words by David Cherubim (Frater Aurora Aureae). The Order of the Thelemic Golden Dawn)

From "The View Over Atlantis" by John Michell: **"666, the predominant number at both Stonehenge and Glastonbury Abby, has always been recognized as a solar number. Its traditional character is confirmed by its obvious significance as the sum of the numbers in the square of the Sun and it is the number of TEITAN, an ancient Greek name for Satan."**

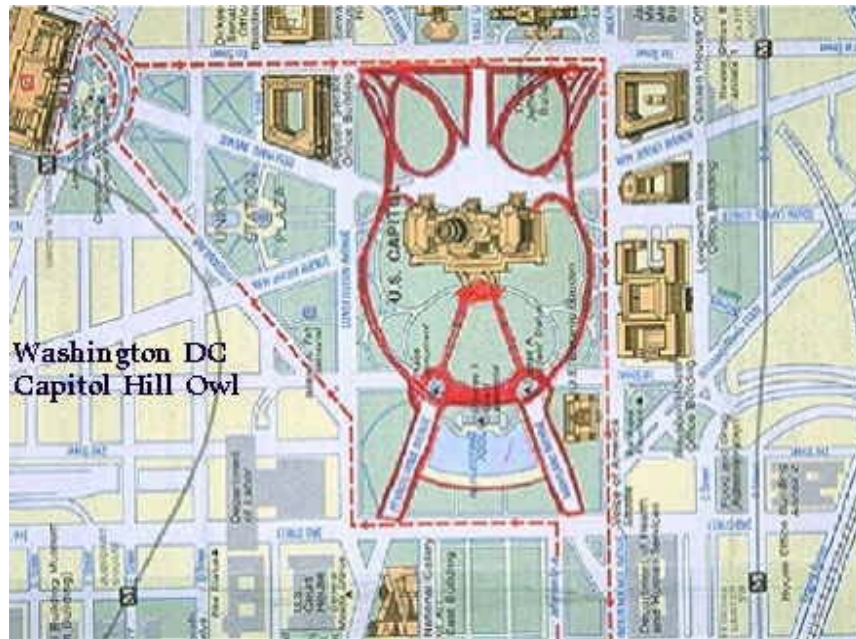

**666 as the Bible and other sources prove is the number of Satan and the Beast (or the Antichrist). 666 is also related to sun worship, which Christians maintain is a covert form of Satan/Lucifer worship. This conclusively proves that the number of 666 was utilized a code for the Hexagram. This is why it wouldn't be unusual if the Mark of the Beast will be a Hexagram. The number of 666 is falsley embraced by some that it is holy (like Miriam Donner) when it isn't at all.**

There are words on the One Dollar Bill that should be explained. The words of E Pluribus Unum means Out of many one in Latin. In other words, America is made up of many peoples and backgrounds to form one nation. Now, Annuet Coeptis is Latin for He (or Providence, which is the Diestic version of God) have favored our undertakings. Novus Ordo Seclorum is Latin for the new order of the ages. FDR thought of this new order of the ages as apart of his New Deal Plan (There is an All Seeing Eye there which FDR believed represented the Masonic Great Architect of the Universe). The Eye wasn't touching the Pyramid, because the agenda of America isn't finished yet. Freemasonry views God as an Architect or representative of an All Seeing Eye. Yet, the All Seeing Eye has historically been the pagan eye of Horus and the sun god spanning thousands of years:

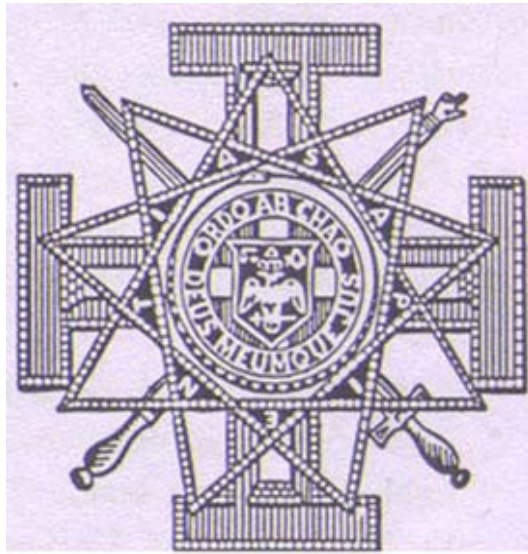

“These considerations lead us to an interesting topic, the Eye of Mind or the Eye of Horus ... and conveying the idea of the 'All seeing Eye'. The end set before the Egyptian neophyte was illumination, that is to be 'brought to light'. The Religion of Egypt was the Religion of the Light.”  
(Thomas Milton Stewart, [Symbolism of the Gods of the Egyptians and The Light They Throw on Freemasonry](#), London, England, Baskerville Press, Ltd., 1927, p. 5)

Robert Keith Spenser on page 32 in his classic must-read: *“the Cult of the All-Seeing Eye,”* comments as follows: *“Now we arrive at the point where we must consider that all-important symbol the All-Seeing Eye. Mr. Totten traced the history of the Eye in the triangle back to ancient Chaldea and its appearance as the Solar Eye, the Eye of Jove or Jupiter, of Phoebus or Apollo, the Eye of Baal and as the Eye of Providence. The Eye of Jove appeared on the front of Jove’s temple at Peloponnessus. As the Solar Eye it was the symbol of the Arabian god of Jethro, the black father-in-law of Moses, and of the Arabic motto, “Allah,” or “I am that I am.” All ancient temples of Arabia were decorated with the Eye, which had first appeared as the symbol of Osiris, Isis and Horus and the Egyptian Sun god Ra.”*

The eye in a Triangle has also been used in future logo as a watcher of people in a Big Brother type fashion from MI6 onward. There is an owl symbol secretly in the Dollar Bill. The owl for thousands of years represented wisdom. The owl was embraced as a logo in the Bavarian Illuminati and it is an emblem of the modern Bohemian Grove (This occult group idolatrously praised a 40 ft. owl statue. Masses are performed there and their patron saint is the Catholic figure Nepomuk). Athena is a known goddess of wisdom and she is symbolized in the owl image. Owl images are throughout the Masonic city of Washington, D.C. especially in the Library of Congress Building. The architecture of Washington, D.C. is based on the same pagan images from ancient Rome, ancient Greece, ancient Egypt, and ancient Babylon. Some point to an Owl design in Washington as well. The New Atlantis film place links to the Design of Washington, D.C. to Ley Lines (or magnetic fields of the Earth that resides near monuments). The many European Cathedrals are based on these ley lines (whose builders utilized Sacred Geometry). The "Bird of Minerva" has been a symbol for the goddess of wisdom (Athena/Minerva) for thousands of years. Hegel used it, the [Journal of the Hegel Society of America](#) employs the symbol of the owl. The image of Pallas Athene or Parthenos is the virgin goddess of Greek myth and the pagan divine patroness of civilization (It inspired the logo of the Virginia seal. The seal shows the Goddess Athena crushing the head of a male tyrant). David Ovason believes that Washington, D.C. was designed in relation to Virgo. Virgo is another Goddess figure in the occult. The Federal Reserve Building is replete with a five-petaled design motif, the symbol of Virgo. The great clock at the Library of Congress is depicted with a comet in Virgo. **Back in the day, Sir Francis Bacon took Athena as inspiration to write his literature. Now, the pyramid was a symbol of stability and the Founders (who made the Great Seal) hope that America would last for eons just like the pyramid did. David Ovason believes that the Pyramid in the back of the Dollar symbol has the hidden meaning of the possible rebuilding of Solomon's Temple. There is an image looking similar to the Omega sign in the One Dollar Bill. Omega is the last letter of the Greek Alphabet. Freemason David Ovason believed that an Omega sign is in the Dollar bill to represent completion or the end of all things. In fact, early Christians utilized this symbol as meaning the end of all things or striving in the future. George Washington's vision for America is indeed striving in the future. In other words, the Dollar Bill represents the plan of secret orders to create the new Aquarian age or the new world**

order  
basically.

This symbol above is the Jewel of the 33rd Degree of the Scottish Rite of Freemasonry. It has tons of symbolism and according to some represents the essence of the agenda of Secret Societies. The symbol itself looks similar to a Templar cross. According to John Daniel's *Scarlet and the Beast* series, this jewel relates to 3 planes of occult creation (in Heaven, Earth, and Hell as found in other pagan religions). The basis of the jewel is a Teutonic Cross. On it has a nine-pointed star made up of 3 gold triangles interlaced with each other. The design also forms nine small triangles. Surrounding the jewel have the letters of "S.A.P.I.E.N.T.I.A." This words of SAPIENTA is the Latin word for wisdom. A sword extends from the lower part of the left side of the jewel to the upper part of the right side. **Freemason Jim Tresner writes more on the symbol:** "...Crossing that is a "Hand of Justice". This forms a scepter, terminating in a carving of a hand. On top of the cross, triangles, crossed sword and Hand of Justice is a circular plate, and on the plate is a shield with a crowned double-headed eagle. To the right of the eagle is a balance and to the left is a square and compass. Around the design are the Latin words, "Ordo ab Chao", "Order out of Chaos", enclosed by two serpents, each biting its tail..." Notice that seprent biting their own tail is called the ourboros. It means resurrection, recreating itself in a cycle, and beginning things anew. It has been related to Gnosticism, Hermeticism, and Freemasonry. It has also been frequently used in alchemical illustrations. The serpent have had a meaning for Satan for eons (under the guise of a sun god). Many high level Freemasons have blasphemously equated the Serpent with God (just like Satanists). For example, in *A Bridge to Light*, an official textbook of the Supreme Mother Council, 33°, the highest council of the Scottish Rite, Rex Hutchens, 33°, reveals that "the body of the Holy Spirit, the universal agent," is none other than "the Serpent devouring his own tail." (Rex Hutchens, *A Bridge to Light* [Washington, D.C.: Supreme Mother Council, 33" of Scottish Rite Freemasonry], 1988). Even Albert Pike wrote that: "...It is the body of the Holy Spirit, the Universal Agent, the Serpent devouring its own tail..." Blavatsky falsely equates God with the Serpent in the Garden of Eden as well. Now, this is one of the secrets of Secret Societies which is the embrace of Satan/Lucifer as a teacher of humanity, which he isn't. Satan is a deciever point blank. In *The Two Babylons*, **Hislop** writes:

"In the mythology of the primitive world, the serpent is universally the symbol of the sun... As the sun was the enlightener of the world, so the serpent was held to have been the great enlightener of the spiritual, by giving mankind knowledge of good and evil.

Rod of Asclepius

Another extension of the serpent symbol is the caduceus symbol. This is when 2 serpents are intertwined with each other. The serpents (in the caduceus emblem) face each other on a staff with wings on the top. It's a magical symbol that is very ancient. It existed in ancient Indian temples and in Mesopotamia (at Babylonia, Sumer, and Assyria). The Buddhists also use it to represent the world (wand) and the kundalini force (serpents). Today, the caduceus is famous for its use in the logo of the AMA or hospitals. Serpent worship is a key part of the Mystery Religion. But what the twin snakes are always expressing is the "idea of active equilibrium, of opposing forces balancing one another in such a way as to create a higher, static form." According to Fritz Springmeier: "...This is a symbolic representation of the balance the leading Satanists attempt to maintain between their evil and philanthropic deeds..." One essence of Satanism is the total fulfillment of human will (and all forms of human desires acted upon. It is the love of evil and good combined. The Bible on the other hand says that we should love good and hate all forms of evil in the Universe. One part of Satanism is the worship of human free will) even if it's done for evil purposes. This is similar to Gnosticism and other philosophies that predate it. According to Alexander Wilder in his book *Philosophy and Ethics of the Zoroastrians* (pub. 1885) "The Mithraic rites superseded the Mysteries of Bacchus, and became the foundation of the Gnostic system, which for many centuries prevailed in Asia, Egypt, and even the remote West." Mithraism teaches that Ahura-Mazda is the good god while Ahirman was the evil god. Mithras to them was the mediator between the 2. These Luciferian Secret Societies have plenty of influence today, but Almighty God had total power in the Universe still. Manly P. Hall praised Lucifer as evident in this quote of his:

**"...The day has come when Fellow Craftsman (Freemasons) must know and apply their Knowledge. The lost key to their grade is the mastery of emotion, which places the energy of the universe at their disposal. Man can only expect to be entrusted with great power by proving his ability to use it constructively and selflessly. When the Mason learns that the key to the warrior**

block is the proper application of the dynamo of living power, he has learned the mystery of the Craft. The seething energies of LUCIFER are in his hands and before he may step onward and upward, he must prove his ability to properly apply energy, he must follow in the footsteps of his forefather Tubal-Cain...." (Lost Key of Freemasonry, Manly Hall, 33°, p. 48)

Now, on page 321 of *Morals and Dogma*, Pike says the following:

"Lucifer, THE LIGHT-BEARER! STRANGE AND MYSTERIOUS NAME TO GIVE TO THE SPIRIT OF DARKNESS! LUCIFER, THE SON OF THE MORNING! IT IS HE WHO BEARS THE LIGHT AND WITH IT SPLENDORS INTOLERABLE BLINDS FEEBLE, SENSUAL, OR SELFISH SOULS? DOUBT IT NOT!"

Is the Phoenix a representation of the destruction of the American economy to turn our money system into a global currency (since the Phoenix story relates to the destruction of a bird then its resurrection centuries later)? It could be. For example, Henry Kissinger have said that Barack Obama could usher in the new world order. The EU, Sarkozy, and other leaders have called for a new global financial system to run our money. Occult researchers like Tracy R. Twyman believed that the dollar bill is a talisman utilized for the temporary global dominance of American money (to develop the New Atlantis). For years, many leaders have called for a global currency or a global economic system. Nicholas Roerich as the documentary proves wanted to create the global government system (even an Asian Union in a Buddhist theocracy first). As Georgetown professor and CFR historian Carroll Quigley noted, the goal of the banking families and their minions consists of: "...nothing less than to create a world system of financial control in private hands able to dominate the political system of each country and the economy of the world as a whole... controlled in a feudalist fashion by the central banks of the world acting in concert, by secret agreements arrived at in

frequent private meetings and conferences..." So, the plan for a new world order and an one world currency has existed for decades at least. **This excellent Eye of the Phoenix film is similar to presenting information overload since it reaches into more facts then elaborate into another level of concepts. The deification of man, the creation of a new age in the world, and unification of all religious concepts are goals of the esoteric world indeed. Manly P. Hall promoted the godhood of man:** "...Man is a god in the making, and as in the mystic myths of Egypt, on the potter's wheel, he is being molded. When his light shines out to lift and preserve all things, he receives the triple crown of godhood, and joins that throng of Master Masons, who in their robe of Blue and Gold, are seeking to dispel the darkness of night with the triple light of the Masonic Lodge..." (Manly P. Hall, The Lost Keys of Freemasonry, Philosophical Research Society; 1996, pp. 54-55). **The Eye of the Phoenix is an excellent film that delves into higher levels of information revolving around the agenda of Secret Societies. The reality is that as believers in God, we don't need mythological occult beliefs. God is here and without secrecy at all.**
